

Management Bulletin

4th May 2018

Mr. R. Rajesh Kumar

Valeo Friction Materials India Private Limited

Mr. R. Rajesh Kumar has been appointed as the Chennai Site General Manager for Valeo Friction Materials India Private Limited (VFMI) with effect from 20th March 2018. He has taken over the responsibility from Mr. L. Rajakumar, who has moved within Valeo Group to Valeo Lighting. Rajesh will be operating out of the VFMI office in Chennai. He brings with him an experience spanning over 23 years in the automotive industry with an educational background in Engineering and Master's in Business Administration. He has worked across several functions including business development, R&D, project management, manufacturing, quality and process engineering. Rajesh began his career in 1995 with TVS Group as Production Engineer and subsequently joined Rane TRW Steering Systems Limited in 1996. He joined Valeo Group at Amalgamations Valeo Clutch Private Limited (AVCPL) in 2000 within the R&D and project development function for Passenger Car and Commercial Vehicle Clutch Business. During his tenure at Valeo Group, he handled responsibilities in various capacities across AVCPL and Valeo Engineering Center India Private Limited. His most recent assignment before joining VFMI, was as the Director for Heavy Duty Business Unit (Trucks and Tractors) within AVCPL since September 2013.
